- Underground storage tank equipments
 - Diesel filter equipments
 - Fill point equipments
 - Dispenser accessories
 - Dispenser equipments
 - Installation accessories & Maintenance Items
 - Piping system
 - Effluent treatment
- Full range of products for your service station

Zeppini Ecoflex® is the result of operations unification of the two largest Brazilian manufacturers of environmental protection equipment for service stations.

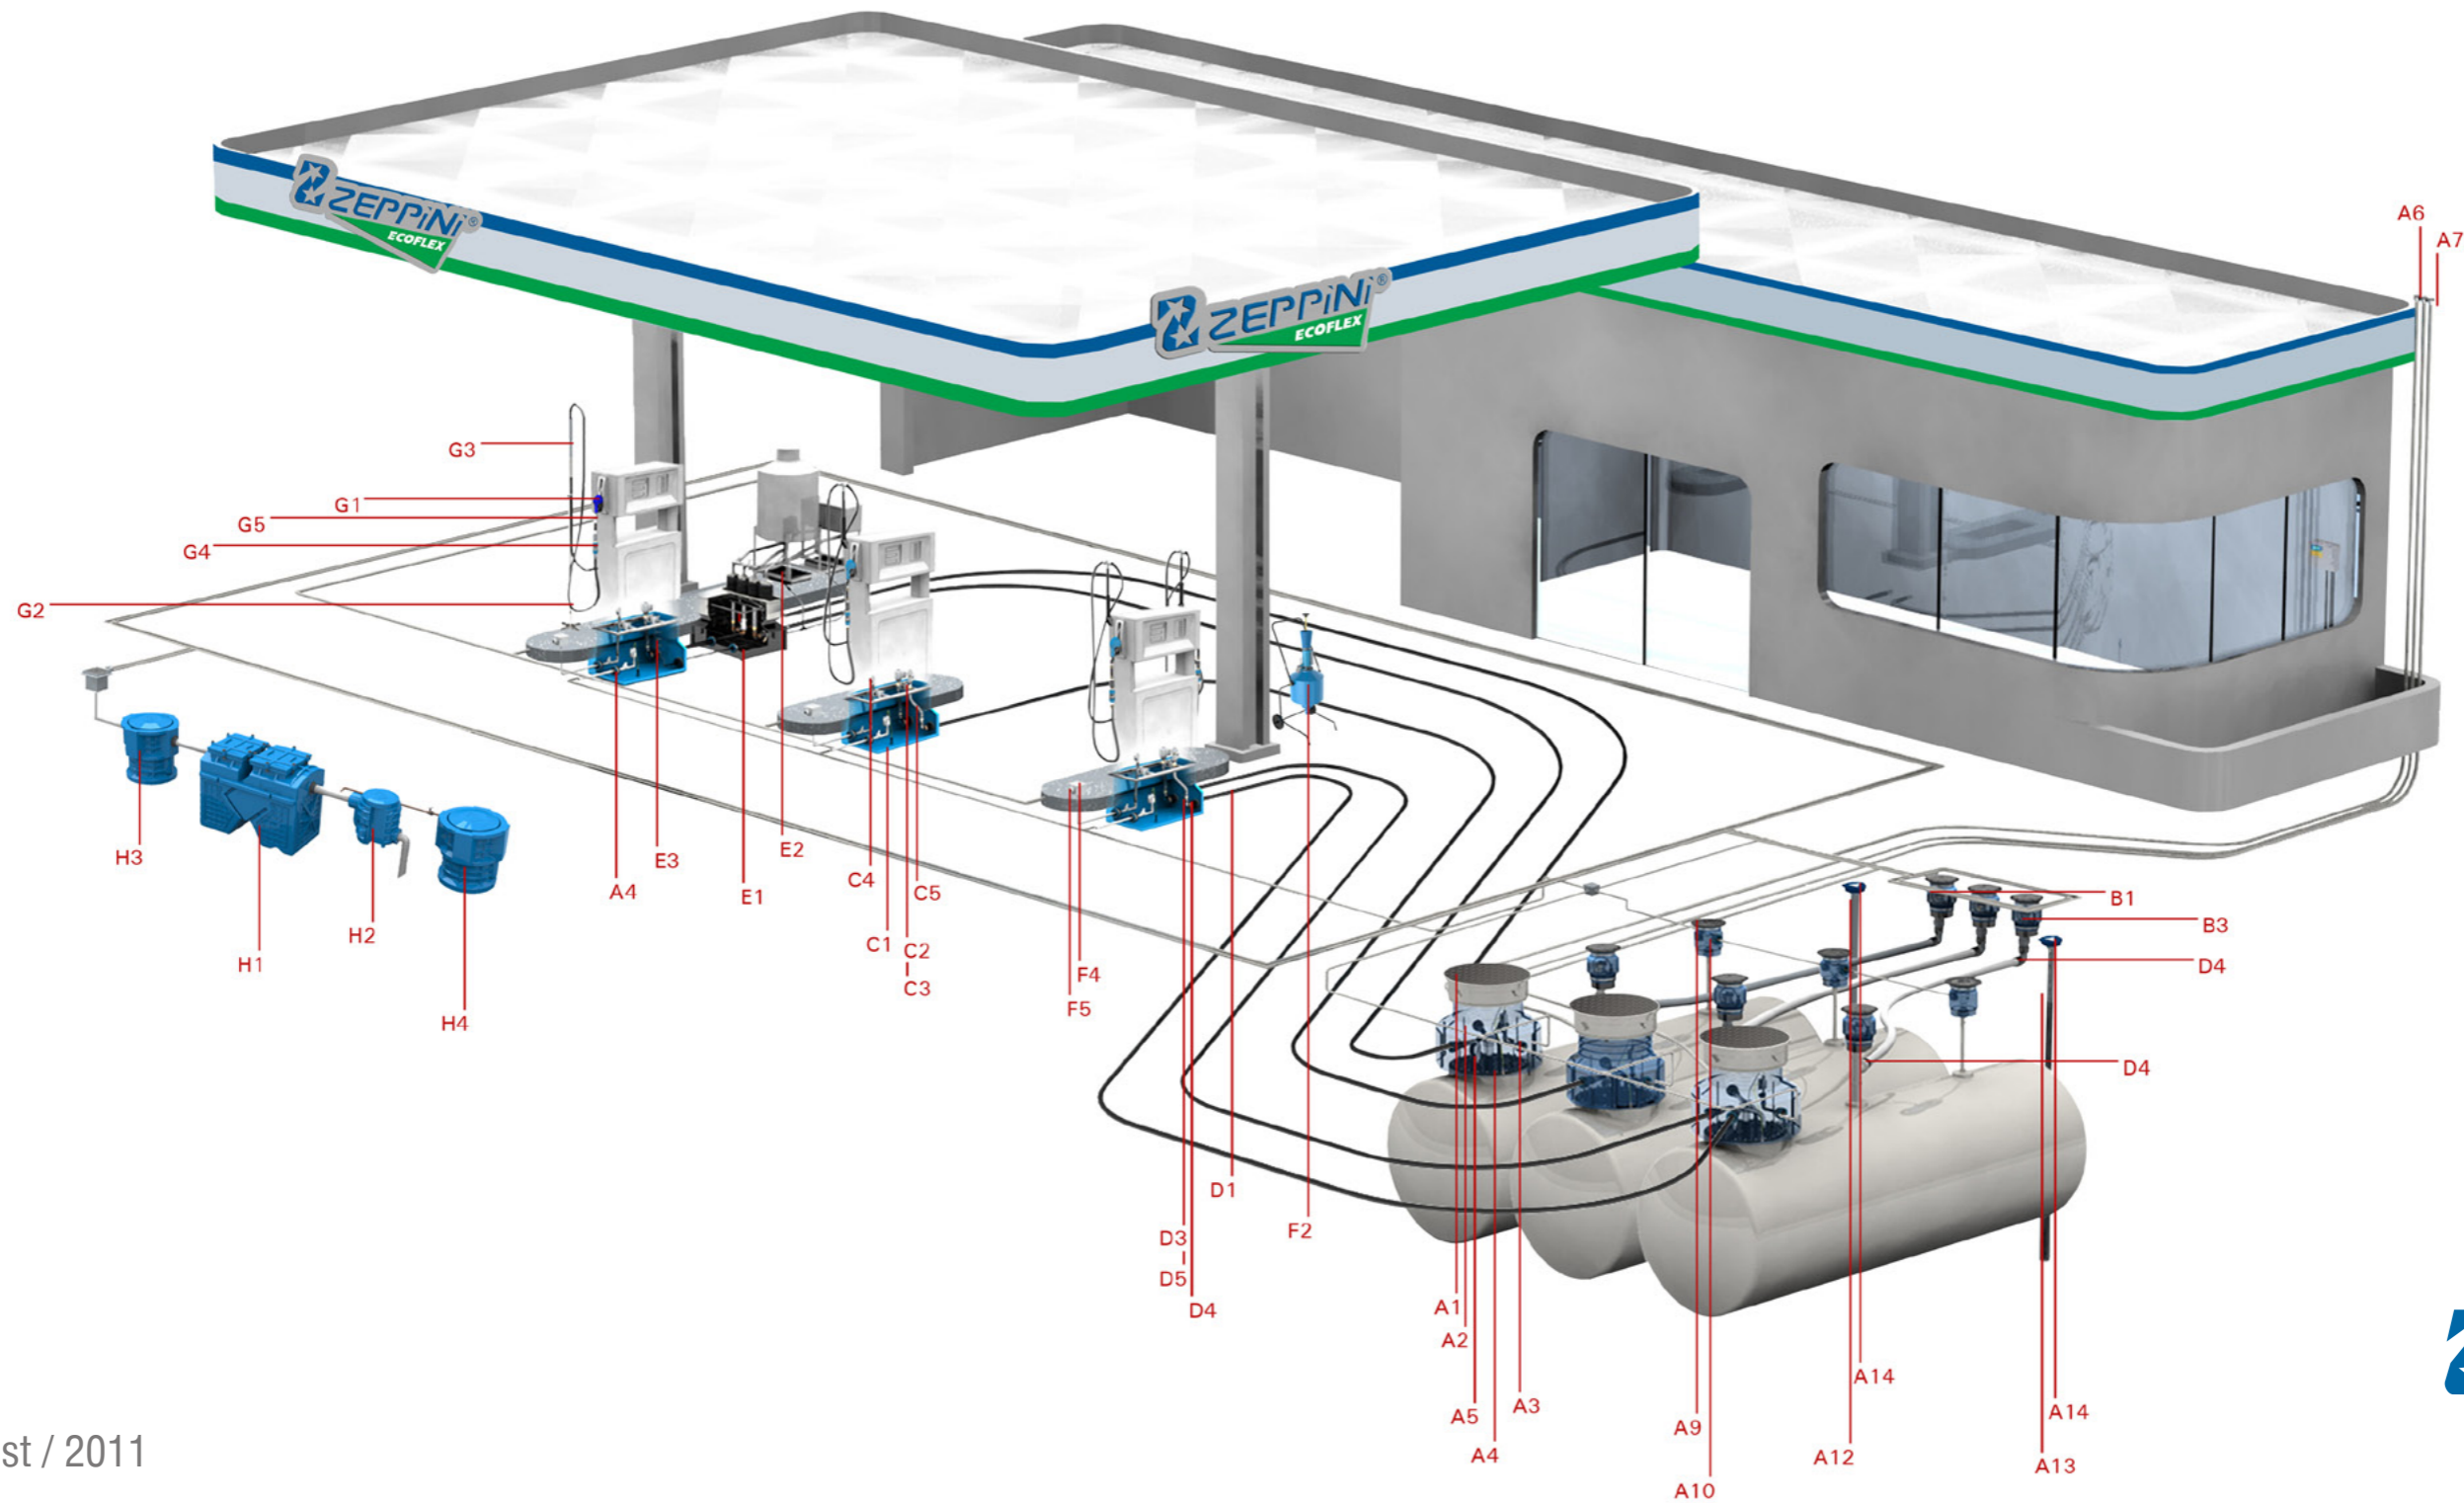

As result of this Joint-Venture, Zeppini Ecoflex® has established itself as one of the industry leaders in the world, offering a unified line of high quality products, attending regulations of the countries in which it operates, and with a technical support team continuously trained and updated.

In addition to a unified line of products, the company also has a greater structural strength and dynamism, through the combination of expertise in technologies, products, logistics, distribution, among others, enabling the company to offer the best solutions available market to customers around the world.

With an internal policy that seeks the continuous improvement of its activities, Zeppini Ecoflex® also offers to customers an extensive list of trainments, that enables the continuous improvement of practices for installation and maintenance of its equipments, allowing the update regarding the latest technological and legal standards.

□ contents:

Underground Storage Tank Equipments		Item	Page.
	Manhole 40" and 42"	A1	01
	Tank Sump	A2	01
	Flexible Entry Boot	A3	01
	Collar Adapter for Tanks Without Lockup	A4	01
	Flexible Connectors - for Hydraulic Applications	A5	02
	Pressure and Vacuum Vent Valve (Steam Keep)	A6	02
	Vent Cap	A7	02
	Line Filter	A8*	02
	Spill Containment for Monitoring Point (RU2)	A9	03
	Passage Box for Interstitial Sensor	A10	03
	Float Ball	A11*	03
	Monitoring Well Kit	A12	03
	Monitoring Well Kit for Underground Phreatic Level	A13	03
	Manhole for Monitoring Well	A14	03

Fill Point Equipments		Item	Page.
	Spill Containment With Manhole	B1	04
	Overflow Prevention Valve - GS 750	B2*	04
	Fill Cap	B3	04
	Discharge Tube for Tanks	B4*	04

Dispenser Equipments		Item	Page.
	Dispenser Sump	C1	05
	Check Valve	C2	05
	Shut-off Emergency Valve	C3	05
	Electrical Sealing Unit	C4	05
	Flexible Connectors - for Electrical Applications	C5	06

Piping System		Item	Page.
	Pipe - Lined (Single and Double Wall)	D1	06
	Pipe - Unlined (Water/Gas)	D2*	07
	Transition Fittings	D3	07
	Electrofusion Fittings	D4	07
	Mechanical Fittings	D5	07

Diesel Filter Equipments		Item	Page.
	Diesel Filter Sump With Manhole	E1	08
	Leak Contention Tray for Diesel Filter	E2	08
	Air Eliminator Kit for Pumps	E3	08

Installation Accessories & Maintenance Items		Item	Page.
	Welding Machine	F1*	08
	Test Measure Container (for Dispensers)	F2	08
	Thread Sealing Paste	F3*	08
	Passage Box - for Electrical Installation	F4	09
	Seal Fitting for Electrical Passage Box	F5	09
	Lifting Device for Manhole Cover 40" and 42"	F6*	09
	Water Finding Paste for Tanks	F7*	09
	Manholes - Various Models	F8*	09
	Pipe Cutter	F9*	10
	Monitoring Well Cover	F10*	10
	Foot Valve	F11*	10
	Valves Extractors	F12*	10
	Scale for Manual Tank Gauge	F13*	10

Dispenser Accessories		Item	Page.
	Automatic Nozzle	G1	11
	Dispenser Hose	G2	11
	Hose Holder for Dispensers	G3	11
	Fuel View Device	G4	11
	Hose Swivel	G5	11

Effluent Treatment		Item	Page.
	Oil & Water Separator Box	H1	12
	Flowmeter and Sample Collector Module	H2	12
	Solids Separation Module	H3	12
	Oil Collect Module	H4	12
	Manholes for Oil & Water Separator System	H5*	12

*** Equipments not shown on the map

H1 Oil & Water Separator Box

Code	Description	Material	Dimensions
91501943	Oil & Water Separator Box - ZP-1000	Polyethylene	*
91501296	Oil & Water Separator Box - ZP-2000	Polyethylene	*
91501935	Oil & Water Separator Box - ZP-5000	Polyethylene	*

H2 Flowmeter and Sample Collector Module

Code	Description	Material	Dimensions
91504061	Flowmeter and Sample Collector Module	Polyethylene	*

H3 Solids Separation Module

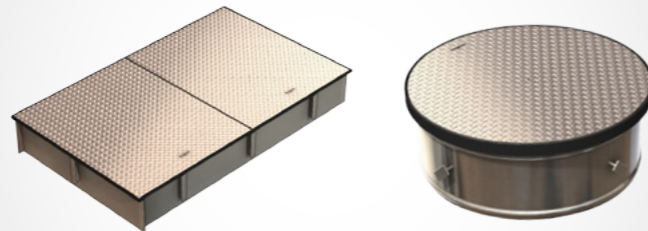

Code	Description	Material	Dimensions
91504045	Solids Separation Module	Polyethylene	*

H4 Oil Collect Module

Code	Description	Material	Dimensions
91504037	Oil Collect Module	Polyethylene	*

H5 Manholes for Oil & Water Separator System

Code	Description	Material	Dimensions
90106309	Manhole for Oil & Water Separator Box - Traffic Area ZP-1000	Steel	858mm x 708mm x 200mm
90106317	Manhole for Oil & Water Separator Box - Non-Traffic Area ZP-1000	Steel	858mm x 708mm x 200mm
90104773	Manhole for Oil & Water Separator Box - Traffic Area ZP-2000 and ZP-5000	Steel	1330mm x 765mm x 194mm
90104993	Manhole for Oil & Water Separator Box - Non-Traffic Area ZP-2000 and ZP-5000	Steel	1330mm x 765mm x 194mm
90105108	Manhole for Solid Separation Module and Oil Collect Module - Traffic Area	Steel	28"
90105116	Manhole for Solid Separation Module and Oil Collect Module - Non-Traffic Area	Steel	28"
90104811	Manhole for Flowmeter and Sample Collector Module	Cast Iron	50 x 50cm

A1 Manhole 40" and 42"

Code	Description	Material	Dimensions
90104528	Manhole Non-Skid 42"	Steel	42"
90106190	Manhole Non-Skid 40" - Model - SMC	Composite	40"
90106258	Manhole Non-Skid 42" - Model - SMC	Composite	42"

A2 Tank Sump

Code	Description	Material	Dimensions
91501300	Tank Sump with Fixation Kit - Senior Model	Polyethylene	40"
91501601	Tank Sump with Fixation Kit - MasterTech Model	Polyethylene	42"
91502221	Tank Sump with Fixation Kit - NE Model	Polyethylene	40"
91501091	Fixation Kit - Senior	Nylon / Rubber	42"
91500908	Fixation Kit - Master Tech	Nylon / Rubber	42"

A3 Flexible Entry Boot

Code	Description	Material	Dimensions
91107016	Entry Boot	Polyethylene / Rubber	1/2"
91107024	Entry Boot	Polyethylene / Rubber	3/4"
91107032	Entry Boot	Polyethylene / Rubber	1"
91107138	Entry Boot	Polyethylene / Rubber	1.1/4"
91107040	Entry Boot	Polyethylene / Rubber	1.1/2"
91107059	Entry Boot	Polyethylene / Rubber	2"
91107067	Entry Boot	Polyethylene / Rubber	2.1/2"
91107075	Entry Boot	Polyethylene / Rubber	3"
91107083	Entry Boot	Polyethylene / Rubber	4"
91108020	Entry Boot - Secondary Protection With Test Valve	Polyethylene / Rubber	2.1/2" x 1.1/2"
91108012	Entry Boot - Secondary Protection With Test Valve	Polyethylene / Rubber	2.1/2" x 2"
91107105	Entry Boot - Secondary Protection With Test Valve	Polyethylene / Rubber	2" x 1.1/2"
91106133	Entry Boot/Reduction	Rubber	4" x 2"
91109027	Tool Kit for Entry Boot Installation	Nylon	*
91109019	Tool Kit for Entry Boot Installation	Nylon	*

A4 Collar Adapter for Tanks Without Lockup

Code	Description	Material	Dimensions
90105010	Collar Adapter for Tank Sump	Steel	36"

A5 Flexible Connectors - for Hydraulic Applications

Code	Description	Material	Dimensions
91604002	Flexible Connectors	Stainless Steel	1.1/2" MF x 40 cm x 1.1/2" MS
91604027	Flexible Connectors	Stainless Steel	2" MF x 40 cm x 1.1/2" MS
91604143	Flexible Connectors	Stainless Steel	2" MS x 40 cm x 1.1/2" MF
91604035	Flexible Connectors	Stainless Steel	2" MF x 40 cm 2" MS
91604019	Flexible Connectors	Stainless Steel	1.1/2" MF x 50 cm x 1.1/2" MS
91602033	Flexible Connectors	Stainless Steel	1.1/2" MF x 50 cm x 1.1/2" MF
91604068	Flexible Connectors	Stainless Steel	2" MF x 50 cm x 1.1/2" MS
91604051	Flexible Connectors	Stainless Steel	2" MS x 50 cm x 1.1/2" MF
91604043	Flexible Connectors	Stainless Steel	2" MF x 50 cm x 2" MS
91604092	Flexible Connectors	Stainless Steel	1.1/2" MF x 60 cm x 1.1/2" MS
91602141	Flexible Connectors	Stainless Steel	1.1/2" MF x 60 cm x 1.1/2" MF
91604119	Flexible Connectors	Stainless Steel	2" MF x 60 cm x 1.1/2" MS
91604151	Flexible Connectors	Stainless Steel	2" MS x 60 cm x 1.1/2" MF
91604127	Flexible Connectors	Stainless Steel	2" MF x 60 cm x 2" MS
91604184	Flexible Connectors	Stainless Steel	1.1/2" MF x 70 cm x 1.1/2" MS
91604168	Flexible Connectors	Stainless Steel	2" MF x 70 cm x 1.1/2" MS
91604192	Flexible Connectors	Stainless Steel	2" MS x 70 cm x 1.1/2" MF
91604176	Flexible Connectors	Stainless Steel	2" MF x 70 cm x 2" MS

*** Product available in other dimensions, contact our sales consultant for more details

*** Product available in BSPT / BSP / NPT threads, contact our sales consultant for more details

A6 Pressure and Vacuum Vent Valve (Steam Keep)

Code	Description	Material	Dimensions
91804110	Pressure and Vacuum Vent Valve "Steam Keep"	Aluminum	2"

A7 Vent Cap

Code	Description	Material	Dimensions
90501047	Vent Cap	Aluminum	2"

A8 Line Filter

Code	Description	Material	Dimensions
91202035	Line Filter	Stainless Steel	2"

G1 Automatic Nozzle

Code	Description	Material	Dimensions
91815094	Automatic Nozzle (ZP- 3000)	Aluminum	3/4"
***	Plastic Cover for Automatic Nozzle	Polyethylene	*

*** Product available in different colors, contact our sales consultant for more details

G2 Dispenser Hose

Code	Description	Material	Dimensions
90907208	Dispenser Hose With Turning Fitting ZP - 5 m	Rubber	3/4"

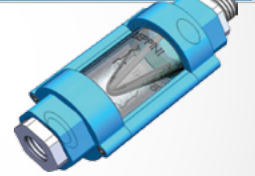

G3 Hose Holder for Dispensers

Code	Description	Material	Dimensions
90907043	Hose Holder - SH80 Model - 3/4"	Steel	*
90907216	Hose Holder - SH80 Model - 1"	Steel	*
90907027	Hose Holder - Lateral Model	Steel	*
90907019	Hose Holder - Boot Model	Steel	*
90907086	Pedestal for Hose Holder - Boot Model	Steel	*
90907078	Hose Holder - Spring (Roof) Model	Steel	*

G4 Fuel View Device

Code	Description	Material	Dimensions
91310108	Fuel View Device	Pet / Nylon	3/4"
91310167	Fuel View Device - Yellow	Pet / Nylon / Aluminum	3/4"
91310159	Fuel View Device - Blue	Pet / Nylon / Aluminum	3/4"
91310175	Fuel View Device - Gray	Pet / Nylon / Aluminum	3/4"
91310140	Fuel View Device - Orange	Pet / Nylon / Aluminum	3/4"
91310116	Fuel View Device - Black	Pet / Nylon / Aluminum	3/4"
91310124	Fuel View Device - Green	Pet / Nylon / Aluminum	3/4"
91310132	Fuel View Device - Red	Pet / Nylon / Aluminum	3/4"

G5 Hose Swivel

Code	Description	Material	Dimensions
90802012	Hose Swivel - Straight	Copper Alloy	3/4"
90801016	Hose Swivel - Double	Aluminum	3/4"
90801024	Hose Swivel - Double	Aluminum	1"

*** Product available in BSP / NPT threads, contact our sales consultant for more details

F9 Pipe Cutter

Code	Description	Material	Dimensions
91501148	Pipe Cutter	Aluminum	*

F10 Monitoring Well Cover

Code	Description	Material	Dimensions
90401018	Monitoring Well Cover	Aluminum	4"
90401085	Monitoring Well Cover - Larger Thread	Aluminum	4"

F11 Foot Valve

Código	Descrição	Material	Dimensão
90302010	Foot Valve (Double Stage)	Copper Alloy	1.1/2"
90302028	Foot Valve (Double Stage)	Copper Alloy	2"

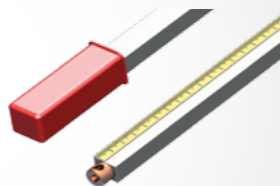

F12 Valves Extractors

Code	Description	Material	Dimensions
90204018	Valves Extractor - Foot Valve	Cast Iron	4" x 1.1/2"
90204026	Valves Extractor - Foot Valve	Cast Iron	4" x 2"
90204199	Valves Extractor - Float Ball	Cast Iron	4" x 4" x 2" x 2"
90204180	Valves Extractor - Float Ball	Cast Iron	4" x 4" x 3" x 2"

*** Product available in BSPT / BSP / NPT threads, contact our sales consultant for more details

F13 Scale for Manual Tank Gauge

Code	Description	Material	Dimensions
91701031	Scale for Manual Tank Gauge - With Valve	Aluminum	3 m
91701074	Scale for Manual Tank Gauge - Without Valve	Aluminum	3 m
91701082	Scale for Manual Tank Gauge - With Valve	Aluminum	4 m
91701090	Scale for Manual Tank Gauge - Without Valve	Aluminum	4 m

A9 Spill Containment for Monitoring Point (RU2)

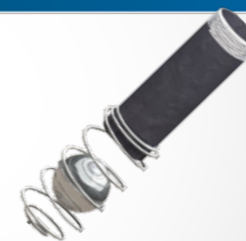

Code	Description	Material	Dimensions
91501318	Spill Containment for Monitoring Point With Manhole - RU2	Aluminum / Polyethylene	12"

A10 Passage Box for Interstitial Sensor

Code	Description	Material	Dimensions
90601157	Passage Box for Interstitial Sensor (Weatherproof)	Aluminum	4 x 2"

A11 Float Ball

Code	Description	Material	Dimensions
91805015	Float Ball 6"	Steel	2"
91805048	Float Ball 15"	Steel	2"
91805023	Float Ball 19"	Steel	2"

A12 Monitoring Well Kit

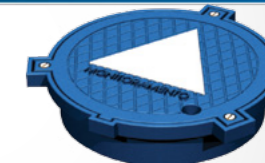

Code	Description	Material	Dimensions
91501059	Monitoring Well Kit - 15.000l Tanks	Plastic Resin / Bidim / Cast Iron	3 m
91501067	Monitoring Well Kit - 30.000l Tanks	Plastic Resin / Bidim / Cast Iron	4 m

A13 Monitoring Well Kit for Underground Phreatic Level

Code	Description	Material	Dimensions
91601164	Monitoring Point Kit for Underground Phreatic Level	Plastic Resin	4" x 2 m
91601253	Accessories for Monitoring Point Assembly	Cast Iron / Plastic Resin	4"

A14 Manhole for Monitoring Well

Code	Description	Material	Dimensions
90104790	Manhole for Monitoring Well	Cast Iron	9"
90104587	Manhole for Monitoring Well	Cast Iron	10"
90106166	Manhole for Monitoring Well - With Extension	Cast Iron	10"
90106233	Manhole for Monitoring Well	Cast Iron	12"
90106241	Manhole for Monitoring Well - With Extension	Cast Iron	12"

Fill Point Equipments

B1 Spill Containment With Manhole

Code	Description	Material	Dimensions
91501288	Spill Containment With Manhole - Slip-On – SP3 (Tp. Articulada)	Aluminum / Polyethylene	16"
91502070	Spill Containment With Manhole - Slip-On – SP4 (Hermetic Cover)	Aluminum / Polyethylene	16"
91501270	Spill Containment With Manhole - Thread-On – SP3 (Tp. Articulada)	Aluminum / Polyethylene	16"
91501776	Spill Containment With Manhole - Thread-On 4" With Drain Valve (Tp. Articulada)	Aluminum / Polyethylene	16"
91501334	Spill Containment With Manhole Std. (Tp. Articulada)	Aluminum / Polyethylene	16"
91501884	Double Wall Spill Containment With Manhole - Slip-On	Aluminum / Polyethylene	16"
91501892	Double Wall Spill Containment With Manhole - Slip-On (Hermetic Cover)	Aluminum / Polyethylene	16"
91501130	Drain Valve for Spill Containment	Polyethylene	*
91501113	Nipple	Steel	4" - 200 mm

*** Product available in aluminum / iron / composite, contact our sales consultant for more details

*** Product available in BSPT / BSP / NPT threads, contact our sales consultant for more details

B2 Overfill Prevention Valve - GS 750

Code	Description	Material	Dimensions
91804102	Overfill Prevention Valve – GS-750	Aluminum	*

B3 Fill Cap

Code	Description	Material	Dimensions
90702131	Fill Cap - Complete	Cooper Alloy	4"x2"
90702085	Fill Cap - Complete	Cooper Alloy	3"
90702026	Fill Cap - Complete	Cooper Alloy	4"
90702204	Fill Cap - Complete	Aluminum	4"
90702077	Fill Cap - Collar	Cooper Alloy	3"
90702069	Fill Cap - Collar	Cooper Alloy	4"
90702220	Fill Cap - Collar	Aluminum	4"
90702034	Fill Cap - Cap	Cooper Alloy	3"
90702042	Fill Cap - Cap	Cooper Alloy	4"
90702212	Fill Cap - Cap	Aluminum	4"

*** Product available in BSP / NPT threads, contact our sales consultant for more details

B4 Discharge Tube for Tanks

Code	Description	Material	Dimensions
91501172	Discharge Tube for Tanks (15.000l Tanks)	Aluminum	4" x 3100 mm
91501207	Discharge Tube for Tanks (30.000l Tanks)	Aluminum	4" x 4000m

Installation Accessories & Maintenance Items

F4 Passage Box - for Electrical Installation

Code	Description	Material	Dimensions
90601017	Passage Box - for Electrical Installation	Aluminum	10 cm x 10 cm
90601025	Passage Box - for Electrical Installation	Aluminum	15 cm x 15 cm
90601033	Passage Box - for Electrical Installation	Aluminum	20 cm x 20 cm
90601041	Passage Box - for Electrical Installation	Aluminum	30 cm x 30 cm

F5 Seal Fitting for Electrical Passage Box

Code	Description	Material	Dimensions
90601211	Seal Fitting for Electrical Passage Box	Aluminum	1"
90601229	Seal Fitting for Electrical Passage Box	Aluminum	2"

F6 Lifting Device for Manhole Cover 40" and 42"

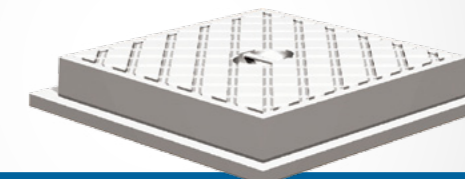

Code	Description	Material	Dimensions
90104404	Lifting Device for Manhole Cover 40" and 42"	Steel	152 cm x 30 cm

F7 Water Finding Paste for Tanks

Code	Description	Material	Dimensions
91807018	Water Finding Paste for Tanks	*	*

F8 Manholes - Various Models

Code	Description	Material	Dimensions
90104684	Manhole	Cast Iron	9"
90104234	Manhole	Cast Iron	12"
90104749	Manhole	Cast Iron	16"
90104820	Manhole - Square	Cast Iron	30 x 30 cm
90104811	Manhole - Square	Cast Iron	50 x 50 cm
90106266	Manhole - With Extension	Cast Iron	9"
90106174	Manhole - With Extension	Cast Iron	12"
90106225	Manhole - With Extension	Cast Iron	16"

Diesel Filter Equipments

E1 Diesel Filter Sump With Manhole

Code	Description	Material	Dimensions
91502270	Diesel Filter Sump With Manhole - SM Model	Polyethylene / Steel	540 x 640 mm
91502289	Diesel Filter Sump With Manhole - SM Model	Polyethylene / Steel	660 x 810 mm

E2 Leak Contention Tray for Diesel Filter

Code	Description	Material	Dimensions
91501415	Leak Contention Tray for Diesel Filter - B01 Model	Polyethylene	*

E3 Air Eliminator Kit for Pumps

Code	Description	Material	Dimensions
91502020	Air Eliminator Kit for Pumps - Elbow 90°	Copper Alloy	*
91502012	Air Eliminator Kit for Pumps - Tee	Copper Alloy	*
91502038	Air Eliminator Kit for Pumps - For Wayne Pumps	Copper Alloy	*

Installation Accessories & Maintenance Items

F1 Welding Machine

Code	Description	Material	Dimensions
92401686	Welding Machine - Fuel Flex - 220v	*	*

F2 Test Measure (for Dispensers)

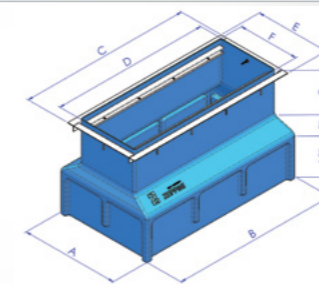

Code	Description	Material	Dimensions
90508010	Test Measure Container (for Dispensers)	Polyethylene	20l

F3 Thread Sealing Paste

Code	Description	Material	Dimensions
90601149	Sealing Paste for Threads 400 g	*	*
90601130	Sealing Paste for Threads 800 g	*	*

C1 Dispenser Sump

Code	Description	Material	Dimensions
91501032	Dispenser Sump - Model 1	Polyethylene	Table Below
91501075	Dispenser Sump - Model 2	Polyethylene	Table Below
91501083	Dispenser Sump - Model 3	Polyethylene	Table Below
91501261	Dispenser Sump - Model 4 (Vista 390/399)	Polyethylene	Table Below
91501350	Dispenser Sump - Model 5 (Wayne Global)	Polyethylene	Table Below
91501423	Dispenser Sump - Model 6 (Encore)	Polyethylene	Table Below
91501472	Dispenser Sump - Model 7 (Pro e SM2)	Polyethylene	Table Below
91501480	Dispenser Sump - Model 8 (Wayne)	Polyethylene	Table Below
91501499	Dispenser Sump - Model 9 (Fenix Stratema)	Polyethylene	Table Below
91501569	Dispenser Sump - Model 10 (Titan VR)	Polyethylene	Table Below
91501577	Dispenser Sump - Model 11 (GBR - Amazon)	Polyethylene	Table Below
91501385	Dispenser Sump - Industrial	Polyethylene	*
91501532	Dispenser Sump - Model 13 (Stratema)	Polyethylene	Table Below

Dimension (in mm)

Model	A	B	C	D	E	F	G
1	525	575	633	538	365	270	305
2	645	885	843	748	517	422	305

13	670	1145	1300	1091	514	419	305

Dispenser Equipments

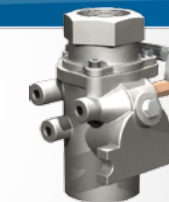

C2 Check Valve

Code	Description	Material	Dimensions
90302174	Check Valve	Stainless Steel	1.1/2"

C3 Shut-off Emergency Valve

Code	Description	Material	Dimensions
91804019	Shut-off Emergency Valve (One Stage)	Cast Iron	1.1/2"
91804027	Shut-off Emergency Valve (Double Stage)	Cast Iron	1.1/2"
***	Stabilizer Bar for Shut-off Emergency Valve	Steel	*

*** Product available in different dimensions, contact our sales consultant for more details

C4 Electrical Sealing Unit

Code	Description	Material	Dimensions
90601050	Electrical Sealing Unit	Aluminum	1/2"
90601068	Electrical Sealing Unit	Aluminum	3/4"
90601076	Electrical Sealing Unit	Aluminum	1"
90601092	Electrical Sealing Unit	Aluminum	1.1/2"
90601084	Electrical Sealing Unit	Aluminum	2"
90601106	Compound A05 (500 grs)	*	*
90601114	Compound A10 (1 kg)	*	*
90601122	Fiber x 01 (100 grs)	*	*

C5 Flexible Connectors - for Electrical Applications

Code	Description	Material	Dimensions
91603010	Flexible Connector	Stainless Steel	1/2" MF x 30 cm x 1/2" MF
91603076	Flexible Connector	Stainless Steel	1/2" MF x 30 cm x 1/2" FS
91603043	Flexible Connector	Stainless Steel	3/4" MF x 30 cm x 3/4" MF
91603109	Flexible Connector	Stainless Steel	3/4" MF x 30 cm x 3/4" FS
91603133	Flexible Connector	Stainless Steel	1" MF x 30 cm x 1" MF
91603168	Flexible Connector	Stainless Steel	1" MF x 30 cm x 1" FS
91603021	Flexible Connector	Stainless Steel	1/2" MF x 40 cm x 1/2" MF
91603087	Flexible Connector	Stainless Steel	1/2" MF x 40 cm x 1/2" FS
91603054	Flexible Connector	Stainless Steel	3/4" MF x 40 cm x 3/4" MF
91603110	Flexible Connector	Stainless Steel	3/4" MF x 40 cm x 3/4" FS
91603141	Flexible Connector	Stainless Steel	1" MF x 40 cm x 1" MF
91603176	Flexible Connector	Stainless Steel	1" MF x 40 cm x 1" FS
91603032	Flexible Connector	Stainless Steel	1/2" MF x 50 cm x 1/2" MF
91603098	Flexible Connector	Stainless Steel	1/2" MF x 50 cm x 1/2" FS
91603065	Flexible Connector	Stainless Steel	3/4" MF x 50 cm x 3/4" MF
91603121	Flexible Connector	Stainless Steel	3/4" MF x 50 cm x 3/4" FS
91603150	Flexible Connector	Stainless Steel	1" MF x 50 cm x 1" MF
91603184	Flexible Connector	Stainless Steel	1" MF x 50 cm x 1" FS
91603219	Flexible Connector	Stainless Steel	3/4" MF x 60 cm x 3/4" FS
91603192	Flexible Connector	Stainless Steel	1" MF x 80 cm x 1" FS

*** Product available in other dimensions, contact our sales consultant for more details
 *** Product available in BSPT / BSP / NPT threads, contact our sales consultant for more details

D1 Pipe - Lined (Single and Double Wall)

Code	Description	Material	Dimensions
92401278	Single Wall Pipe - Fuel Flex - Lined (Roll 50 mt.)	Polyethylene	12,7 mm
92401294	Single Wall Pipe - Fuel Flex - Lined (Roll 25 mt.)	Polyethylene	32 mm
92401302	Single Wall Pipe - Fuel Flex - Lined (Roll 50 mt.)	Polyethylene	32 mm
92401229	Single Wall Pipe - Fuel Flex - Lined (Roll 100 mt.)	Polyethylene	32 mm
92401310	Single Wall Pipe - Fuel Flex - Lined (Roll 25 mt.)	Polyethylene	50 mm
92401329	Single Wall Pipe - Fuel Flex - Lined (Roll 50 mt.)	Polyethylene	50 mm
92401337	Single Wall Pipe - Fuel Flex - Lined (Roll 75 mt.)	Polyethylene	50 mm
92401237	Single Wall Pipe - Fuel Flex - Lined (Roll 100 mt.)	Polyethylene	50 mm
92401345	Single Wall Pipe - Fuel Flex - Lined (Roll 25 mt.)	Polyethylene	63 mm
92401353	Single Wall Pipe - Fuel Flex - Lined (Roll 50 mt.)	Polyethylene	63 mm
92401361	Single Wall Pipe - Fuel Flex - Lined (Roll 75 mt.)	Polyethylene	63 mm
92401245	Single Wall Pipe - Fuel Flex - Lined (Roll 100 mt.)	Polyethylene	63 mm
92401086	Single Wall Pipe - Fuel Flex - Lined (Roll 50 mt.)	Polyethylene	90 mm
92401045	Single Wall Pipe - Fuel Flex - Lined (Bar 6 mt.)	Polyethylene	110 mm
92401461	Single Wall Pipe - Fuel Flex - Lined (Roll 25 mt.)	Polyethylene	110 mm
92401261	Single Wall Pipe - Fuel Flex - Lined (Roll 50 mt.)	Polyethylene	110 mm
92401445	Double Wall Pipe - Fuel Flex - Lined (Roll 25 mt.)	Polyethylene	63 x 50 mm
92401453	Double Wall Pipe - Fuel Flex - Lined (Roll 50 mt.)	Polyethylene	63 x 50 mm
92401429	Double Wall Pipe - Fuel Flex - Lined (Roll 25 mt.)	Polyethylene	75 x 50 mm
92401437	Double Wall Pipe - Fuel Flex - Lined (Roll 50 mt.)	Polyethylene	75 x 50 mm
92401402	Double Wall Pipe - Fuel Flex - Lined (Roll 25 mt.)	Polyethylene	75 x 63 mm
924014101	Double Wall Pipe - Fuel Flex - Lined (Roll 50 mt.)	Polyethylene	75 x 63 mm

D2 Pipe - Unlined (Water/Gas)

Code	Description	Material	Dimensions
92401129	Single Wall Pipe - Fuel Flex - Unlined (Roll 50 mt)	Polyethylene	20 mm
92401378	Single Wall Pipe - Fuel Flex - Unlined (Roll 25 mt)	Polyethylene	63 mm
92401386	Single Wall Pipe - Fuel Flex - Unlined (Roll 50 mt)	Polyethylene	63 mm
92401394	Single Wall Pipe - Fuel Flex - Unlined (Roll 75 mt)	Polyethylene	63 mm
92401253	Single Wall Pipe - Fuel Flex - Unlined (Roll 100 mt)	Polyethylene	63 mm
92401486	Single Wall Pipe - Fuel Flex - Unlined (Bar 6 mt)	Polyethylene	110 mm
92401478	Single Wall Pipe - Fuel Flex - Unlined (Roll 50 mt)	Polyethylene	110 mm
92401102	Single Wall Pipe - Fuel Flex - Unlined (For Secondary Protection)	Polyethylene	75 mm
92401110	Single Wall Pipe - Fuel Flex - Unlined (For Secondary Protection)	Polyethylene	90 mm

D3 Transition Fittings (Stainless Steel)

Code	Description	Material	Dimensions
92101915	Transition Fittings Male Straight - Fuel Flex	Stainless Steel	32 mm x 1"
92101991	Transition Fittings Male Straight - Fuel Flex	Stainless Steel	50 mm x 1.1/2"
92102018	Transition Fittings Female Straight - Fuel Flex	Stainless Steel	50 mm x 1.1/2"
92102026	Transition Fittings Female Elbow 90° - Fuel Flex	Stainless Steel	50 mm x 1.1/2"
92102034	Transition Fittings Female Tee - Fuel Flex	Stainless Steel	50 mm x 1.1/2"
92102085	Transition Fittings Male Straight - Fuel Flex	Stainless Steel	63 mm x 2"
92102093	Transition Fittings Female Straight - Fuel Flex	Stainless Steel	63 mm x 2"
92102101	Transition Fittings Female Elbow 90° - Fuel Flex	Stainless Steel	63 mm x 2"
92102118	Transition Fittings Female Tee - Fuel Flex	Stainless Steel	63 mm x 2"
92101864	Transition Fittings Male Straight - Fuel Flex	Stainless Steel	90 mm x 3"
92101899	Transition Fittings Female Straight - Fuel Flex	Stainless Steel	90 mm x 3"
92101259	Transition Fittings Male Straight - Fuel Flex	Copper Alloy	110 mm x 4"
92303437	Transition Fittings Female Elbow 90° - Fuel Flex	Copper Alloy	110 mm x 4"
92303445	Transition Fittings Female Tee - Fuel Flex	Copper Alloy	110 mm x 4"

*** Product available in BSPT / BSP / NPT threads, contact our sales consultant for more details

D4 Electrofusion Fittings

Code	Description	Material	Dimensions
92303502	Electrofusion Fittings - Coupler - Fuel Flex	Polyethylene	20 mm
92303494	Electrofusion Fittings - Coupler - Fuel Flex	Polyethylene	32 mm
92303410	Electrofusion Fittings - Coupler - Fuel Flex	Polyethylene	50 mm
92303429	Electrofusion Fittings - Coupler - Fuel Flex	Polyethylene	63 mm
92303453	Electrofusion Fittings - Coupler - Fuel Flex	Polyethylene	110 mm
92303486	Electrofusion Fittings - Elbow 90° - Fuel Flex	Polyethylene	50 mm
92303394	Electrofusion Fittings - Elbow 90° - Fuel Flex	Polyethylene	63 mm
92303478	Electrofusion Fittings - Elbow 45° - Fuel Flex	Polyethylene	110 mm
92303461	Electrofusion Fittings - Elbow 90° - Fuel Flex	Polyethylene	110 mm
92303529	Electrofusion Fittings - Tee - Fuel Flex	Polyethylene	32mm
92303402	Electrofusion Fittings - Tee - Fuel Flex	Polyethylene	63 mm
92303537	Electrofusion Fittings - Tee - Fuel Flex	Polyethylene	90mm
92303545	Electrofusion Fittings - Tee - Fuel Flex	Polyethylene	110mm

D5 Mechanical Fittings

Code	Description	Material	Dimensions
92501093	Mechanical Fitting - Male Straight - Fuel Flex	Copper Alloy	1.1/2"
92501103	Mechanical Fitting - Female Straight - Fuel Flex	Copper Alloy	1.1/2"
92501079	Mechanical Fitting - Female Elbow 90° - Fuel Flex	Copper Alloy	1.1/2"
92501160	Mechanical Fitting - Female Tee - Fuel Flex	Copper Alloy	1.1/2" x 1.1/2" x 1.1/2"
92501111	Mechanical Fitting - Male Straight - Fuel Flex - BSP	Copper Alloy	2"
92501128	Mechanical Fitting - Female Straight - Fuel Flex - BSP	Copper Alloy	2"
92501087	Mechanical Fitting - Female Elbow 90° - Fuel Flex - BSP	Copper Alloy	2"
92501179	Mechanical Fitting - Female Tee - Fuel Flex	Copper Alloy	2" x 1.1/2" x 2"
